If in this stretch there are any creeks, streams, drainage, or any other tributaries, you will be allowed to fish no more than 100 feet past the mouth of that tributary.

There will be a MANDATORY rules meeting at 8:30 am sharp in the Huck Olson Arena. You must be checked in and present at this meeting or you will not be able to participate in the tournament. To check in, you must show your valid 2018 Minnesota Fishing License.

Anglers are encouraged to fish from shore; however there will be a limited number of boats allowed in the tournament. Anglers wanting to use a boat must purchase a tournament boat permit for \$5.00. Boat permits are only available at Ace Hardware in Thief River Falls. Boat permits can only be purchased if a regular tournament ticket is purchased first. Boat permits will be limited to 75 and will be on a first come, first serve basis. Also, coolers and other items will be checked. All boats will be given two numbered decals and must have one on each side of the boat affixed in plain sight. Once boats are checked in, they will be parked single file and not be allowed to move until the rules meeting is let out. The single file line is your starting order, which means that the first person to check in will be the first person to leave once the rules meeting is done. There will be no limit on the number of people allowed in each boat as long as the number of persons and/or weight does not exceed the boats US Coast Guard rating. Each person must wear a life preserver in the boat while traveling at speeds above normal trolling speeds of 2-3 mph. All boats must be equipped to meet MN DNR Regulations. All boats and trailers must have current MN registration or they will not be allowed to be used in the tournament. There is a 15mph speed limit in force for the entire length of the tournament. This will be enforced!! A no-wake zone will be imposed any time meeting or passing another boat and around public landings.

All MN DNR slot limits apply for this tournament. Contestants will only be allowed to weigh one fish per category. Contestants may not, in any case, take more than two fish of the same species into possession. Once a fish has been kept it may not be released. No sorting is allowed. There will be a 12 inch minimum size required for Walleyes and an 18 inch minimum size for Northerns. **No Crappies allowed!** In the event of a tie, the higher position will be awarded to the fish weighed in first.
